Hi, we are researchers

from the Social Robotics Lab, TU/e.

We are conducting a project to develop a social robot which benefits children's piano practicing.

We sincerely invite your child who is **9-12** years old and plays the **piano** to participate in our research. Scan the **QR code** or click the link <https://forms.gle/XB6xPMVqHbjbRgiq9> to find more information and gain a **FREE** chance to practice with a robot!
